COMBINATION DWELLING MANUAL REVISED IN DELAWARE

- BACKGROUND** Theft coverage is an option under the Combination Dwelling program. To clarify when coverage is provided, the new program includes a trigger endorsement (MDW 30). Coverage is triggered by showing MDW 30 on the Declarations, and charging the proper premium. In the prior program, coverage was included in New Jersey and optional in Pennsylvania. The program is now the same in all states.
- MSO[®] ACTION** We revised the manual to include references to MDW 30.
- EFFECTIVE DATE** March 1, 2003
- ADDITIONAL INFORMATION** We previously announced the approval of this change in New Jersey and Pennsylvania. The filing is pending in Maryland.
