## **CHURCH VAN CLASSIFICATIONS INTRODUCED IN NJ, OH AND PA**

- BACKGROUND** Recent findings show a greater roll over hazard for large vans (12 - 15 passengers) than for vans seating fewer passengers. To identify the different exposures for vans, we are introducing two new classifications and accompanying rating factors in the Commercial Auto Manual. The over 12 passenger vans will be rated at an additional 25% of the up to 12 passenger van class. We are also introducing new class codes for the church van classes.
- MSO<sup>®</sup> ACTION** We have filed these classifications and received approval in New Jersey, Ohio and Pennsylvania. The filings are pending in Delaware and Maryland.
- EFFECTIVE DATE** July 1, 2004
- DISTRIBUTION** The revised manual pages have been added to the CD-ROM. Affiliated companies will be able to access these through our website: <http://www.msonet.com>.
- QUESTIONS** Contact Jan Kozlowski at (800) 935-6900 or e-mail: [jkozlowski@msonet.com](mailto:jkozlowski@msonet.com).
