**“BU” BOP FORMS INTRODUCED  
MANUAL REVISED  
DEBRIS REMOVAL CHARGE REDUCED  
IN MARYLAND**

**BACKGROUND**

Previously, various commercial property and liability endorsements (with numbers designated as MCP, MCL or MCM) have been available for use with the BOP. MSO® was asked to develop “BU” versions of the MCP/MCL/MCM forms. Using a “BU” number clearly shows that the endorsement is for the BOP. We previously announced that the filing had been approved in Delaware, New Jersey and Pennsylvania. The filing is now approved in Maryland.

**MSO ACTION**

MSO filed BU versions of most of the BOP eligible MCP/MCL/MCM endorsements.

We revised the manual to include reference to the new “BU” forms, as well as adding rules for all endorsements that are available for use with the program, but were not previously shown in the manual.

We changed the charge for increased debris removal coverage to \$4 per \$1,000 from a factor of .02.

A list of the “BU” endorsements and their corresponding MCP/MCL/MCM endorsement numbers is available upon request.

The “BU” endorsements are optional. Companies may continue to use the MCP/MCL/MCM versions.

MSO staff is available to assist companies with their company-specific manuals.

**EFFECTIVE  
DATE**

Immediately.

**DISTRIBUTION**

The forms and manuals will be added to the CD-ROM. Affiliated companies can access them through our website: [www.msonet.com](http://www.msonet.com).
